Poster Session Guidelines

The poster sessions will be held in the Homi Bhabha Academic Block. Two poster sessions have been scheduled. You will be notified prior to the start of the conference of the time and sessions to present your poster.

All posters should be mounted at least 30 minutes prior to the start of the session. You are welcome to get some refreshments, but we encourage you to be near your poster during all three timeslots of your sessions since most people will want to interact with you as they review your poster.

Wednesday 19 February 2020 | Poster Session 1

11:30 – 12:30 Morning Networking Sessions
13:00 – 14:00 Lunch
15:30 – 16:30 Afternoon Networking Session

Thursday 20 February 2020 | Poster session 2

11:00 – 12:00 Morning Networking Sessions
13:00 – 14:00 Lunch
15:30 – 16:30 Afternoon Networking Sessions

Exhibit Hall Layout and Materials

Each poster board will be 90 cm × 240cms (see graphic on page 2). You will have one side of the board and another presenter will use the other side. You may mount a single large-format poster, multiple smaller sheets or whatever arrangement best conveys your presentation and fits within the allotted poster board space.

Many poster presenters allow some space for business cards, sign-ups sheets, etc. to allow people to follow-up with you after the conference.

Please bring the following with you to the Poster Session:

- Poster
- Mounting material (push pins or thumb tacks)
- Hand-outs, illustrations, business cards, sign-up sheets, etc. (Optional)

There are no duplication facilities at the conference space. Also, space will not be available for computer-aided posters.
Suggested Poster Layout

Each poster should have a heading in very large type, 84 pt. or greater. Your name and affiliation should also be noted in large type, around 72 pt. Headings and subheadings should be at least 36 pt.

You need not use all capitals for titles and headings, for this can sometimes make them difficult to read. Title Case is recommended.

Other lettering, including text and lettering on illustrations or charts, should be between 18 and 24 pt., and should have double or 1.5 spacing between lines. Use a simple font such as Times, Arial or Helvetica throughout your presentation.

To make something stand out, use a larger font size, bold or underline. You can also frame a section of text by putting a box around it. All material should be readable from approximately one meter or more.

Remember that you can refer to your abstract paper for additional details. Do not post a normal sized copy of your abstract paper.
